

Wallace E. Browe VICE PRESIDENT, PRINCIPAL

Wallace E. Browe has over 25 years of design and construction experience, including 20+ years managing school projects. Wallace is responsible for company operations and oversees the program management practice. He has significant technical expertise in the “nuts and bolts” of construction delivery.

CPM EXPERIENCE

Vacaville Unified High School District, Vacaville, CA

\$210 million modernization and new construction program. Duties include oversight of the program management team that provides assessments, project scoping, budget development, design-phase oversight, construction coordination and project close-out for all projects.

Tahoe Truckee Unified School District, Truckee, CA

CPM was selected by the District to develop a District-wide master plan to explore and recommend alternatives for housing future student populations at each grade level. Wallace was responsible for facility condition assessments at each campus to establish viability and cost for renovation or adaptive re-use.

San Juan Unified School District, Sacramento, CA

\$650+ million program. As a senior project manager, Wallace was responsible for various modernization projects from design through construction including design overview, facility impact coordination, construction on occupied sites and project closeout. Other responsibilities included overseeing 12 construction managers and the progress of their assigned projects.

Newport-Mesa Unified School District, Costa Mesa, CA

\$171 million modernization and new construction program. Duties include site condition assessment and cost estimating in support of an implementation plan.

Oakland Unified School District, Oakland, CA

\$900 million modernization and new construction program. Duties include program management and oversight of OPSC application and closeout process.

EDUCATION/CERTIFICATIONS

Bachelor of Science, Construction Management, California State University, Sacramento
